**\$299.** including shipping, excluding taxes, Reg. price \$379 (after 12/31/2010)

VisTitle is the best choice of EDIUS users for its powerful features, reliability and unrivaled real-time performance. Utilizes both CPU+GPU and takes full advantage of multi-core technology. All titles and graphics are rendered in vector format which allows the user to alter and transform the titles without degradation. Fully keyframeable positioning, scaling, rotation and effects adjustments in true 3D space.

## **\$10 x 10 Group Buy Promotion Details**

editHD will be taking group buy orders for VisTitle and the new Edius 6 upgrade. Group buy participants will send \$250 via PayPal to [george@editHD.com](mailto:george@editHD.com) as a deposit towards their purchase for each product. For every 10 people that participate in each product promotion, each participant will save \$10 off of the actual promo price of \$299. (i.e. If 22 people participate, each will save \$20. So the actual cost they will pay is \$279., 36 people = \$30/\$269 each etc.) Not only that, but, those who do participate, will also get free shipping. If 50 people participate, each will save \$50 plus save the \$20 shipping & handling. (\$50 will be the maximum discount regardless how many people over 50 actually participate) If less than 50 people take advantage of this deal, participants will be billed the additional monies after the tally is determined at midnight on Dec. 11th and they will pay the balance via PayPal. No other forms of payment will be accepted for this group buy promotion.

So this promo will close on Saturday December 11th at midnight. That following Monday (Dec. 13<sup>th</sup>) an order will be placed with VideoStar in China for the VisTitle units. It takes a few days to arrive here in the US and orders will go out within 48 hours of being received here. The idea is to have all units delivered before Christmas.

This special promo is for the US/North America only. Canadian and non continental US customers will have to pay shipping costs and any other related fees. No orders will be accepted outside of the US & Canada.

Please do not hesitate to email or call with any questions that you may have.

Sincerely,

*George Dame*
